

**Llys y Seren**

---

*“This already  
feels like home”*

**“At Llys y Seren, our philosophy is ‘caring is for sharing’.  
We welcome you to our home to show you what makes us  
different.”**

*- Manager of Llys y Seren*

*“Staff can’t  
do enough  
for me”*

## **Llys y Seren in the community**

Built in 2014, our purpose-built home is conveniently situated in the heart of Baglan, close to local amenities and with the added benefit of having Aberavon’s Blue Flag beach and promenade close by.

We have excellent facilities in Llys y Seren. All rooms are en-suite and each has a flat screen television and telephone point.

Our three courtyard gardens and larger Orchard garden are extremely popular with residents and their families alike.

*“Staff are  
marvellous,  
they’re more  
like friends to  
me”*

## Compassionate personalised care

We understand that everyone is unique. The care delivered is tailored to meet the individual needs and wishes of each resident who comes to live at Llys y Seren.

Our staff are highly trained and understand the importance of enabling people to keep control of their lives. They do this by offering support and encouragement to maintain independence as far as is possible.

We have excellent relationships with the local GPs, who are based in the Primary Resource Centre, adjacent to Llys y Seren. The Centre is also home to community and therapy services including podiatry and physiotherapy, as well as a pharmacy and café.

*“I know I’m  
going to be  
happy here”*

## Living well in Llys y Seren

We know that there is more to life than simply meeting your care needs. That’s why we ensure that we support you to live as active a life as possible.

We have an activity diary which is decided by residents at their monthly meetings. We often host craft activities, Zumba sessions, quizzes and bingo. While the residents also run popular clubs including knitting and gardening. We love trying something new, and an off road jeep safari around nearby countryside was a huge success.

We offer a choice of nutritious, home cooked meals and

are always open to trying new things; we encourage residents to tell us what they would like to see on future menus. We are very proud of the 5 star Food Hygiene Rating we have been awarded.

We always welcome families and friends to pop in for a cup of tea or to join you for a meal.

We have strong links with the community; we host regular religious services and the community Police Community Support Officer regularly pops in to host ‘Cuppa with a Copper’ sessions.

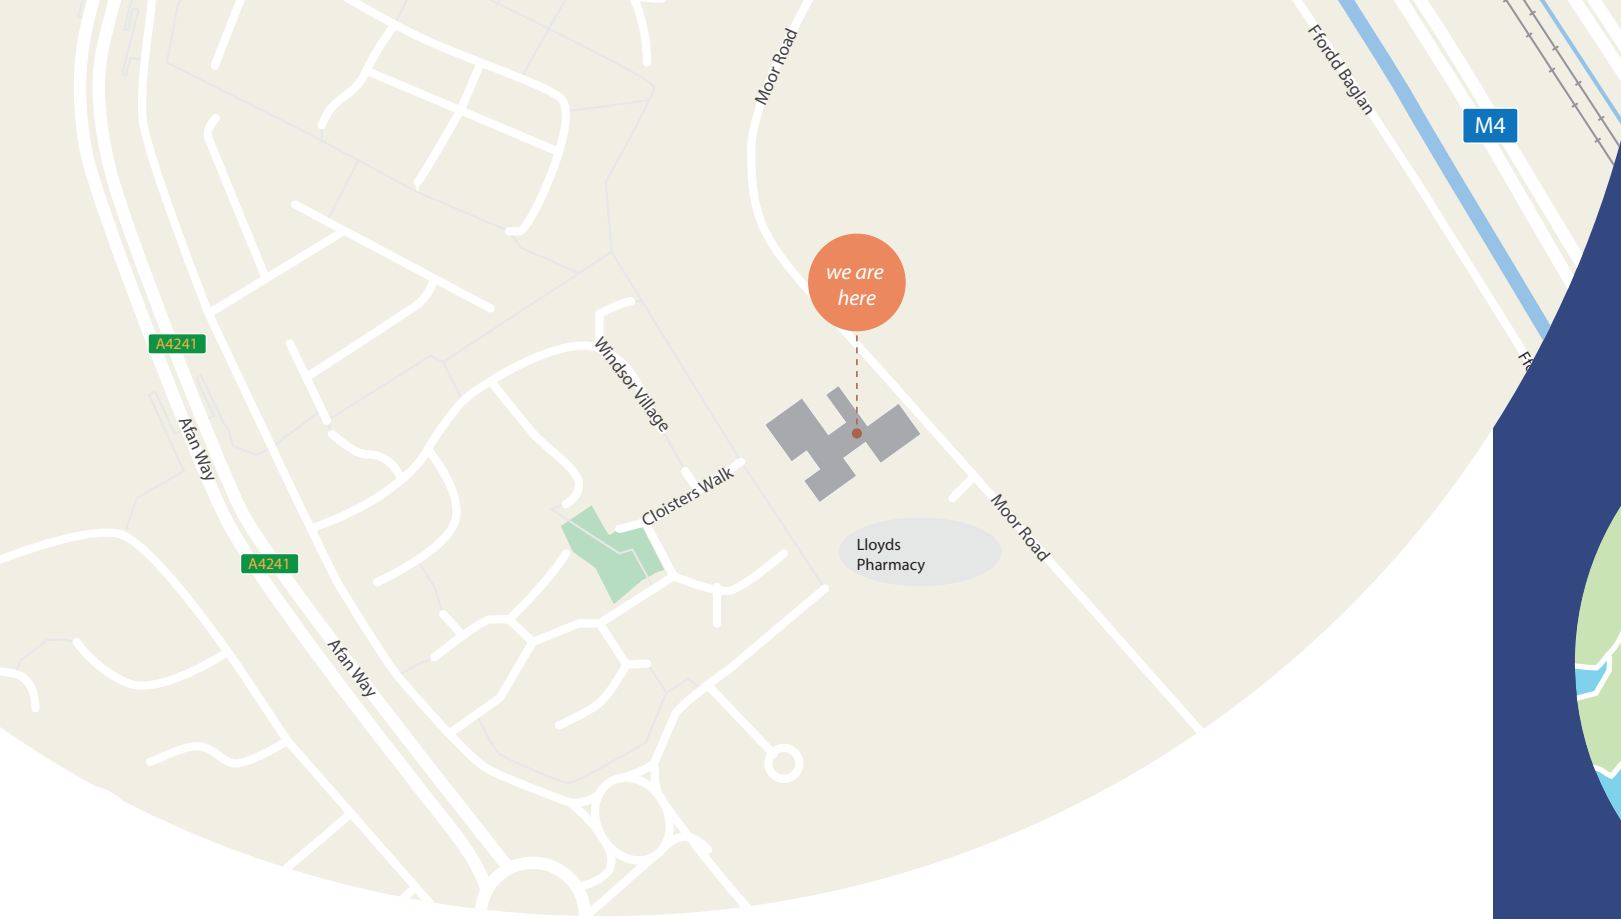

## Visit us

The best way to find out more about Llys y Seren and what we can offer is to come and visit us. We encourage you to pop in so you can get to know the team - we're always happy to show you around and answer any questions you may have.
